NOW

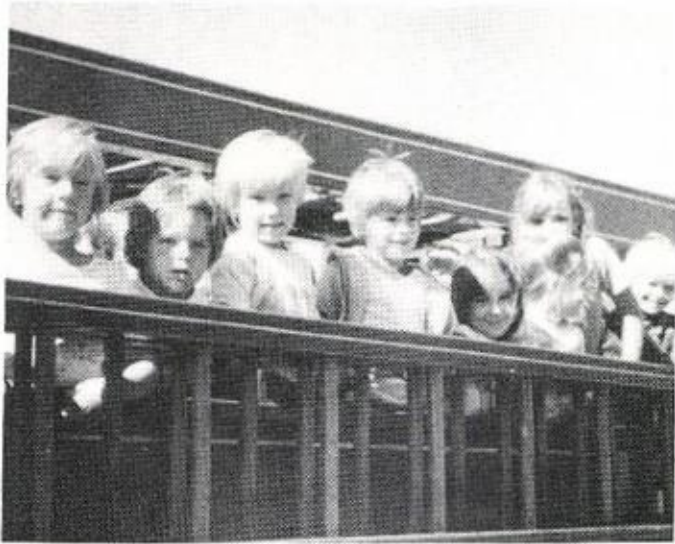

Live every moment as
it comes;
Take what it brings
to you;

Be happy with
things you

Each day your whole
life through

**Take every step one at
a time
And make the most of it—**

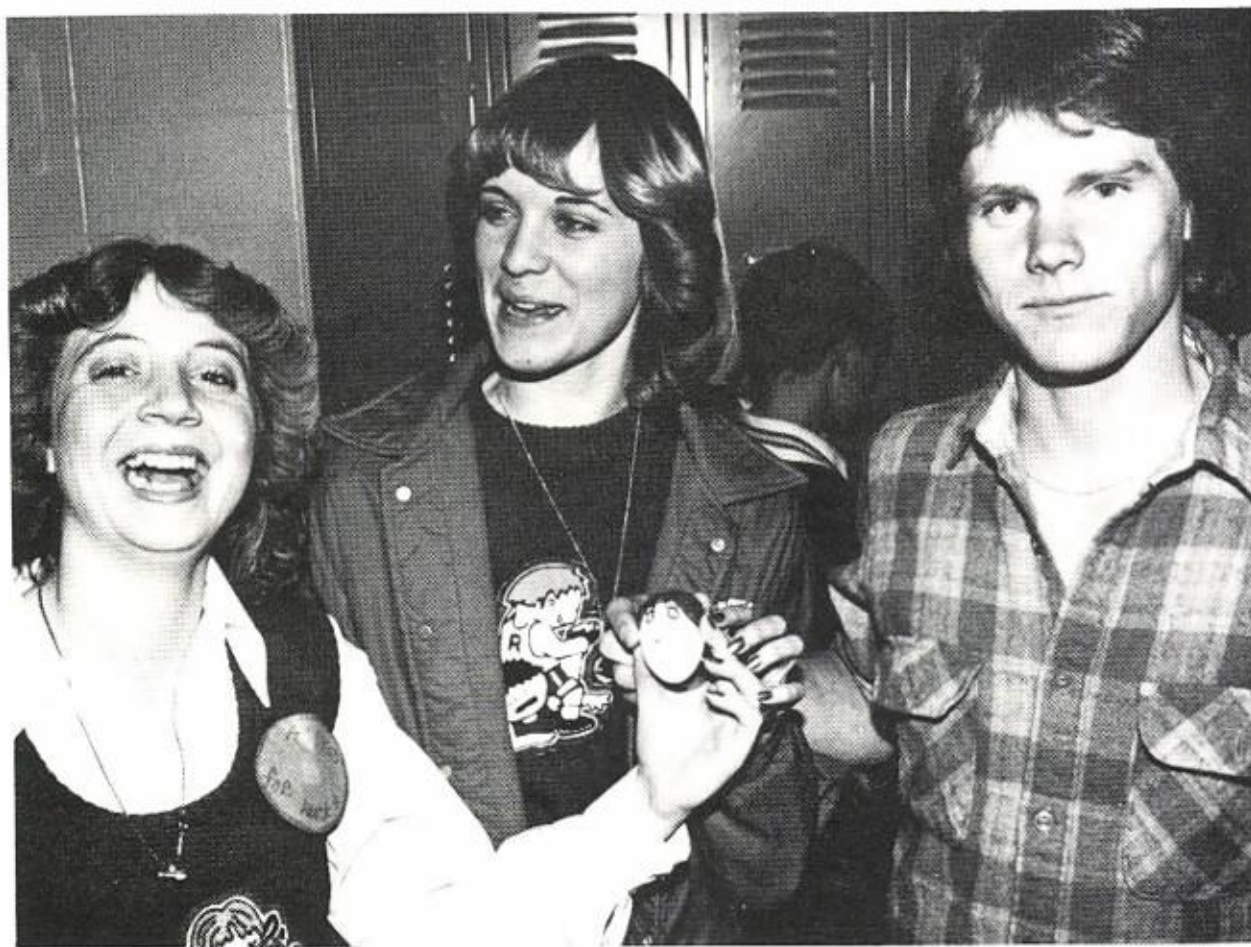

**the
have**

**Then
looking back
don't wish
that you
could change
it just
a bit.**

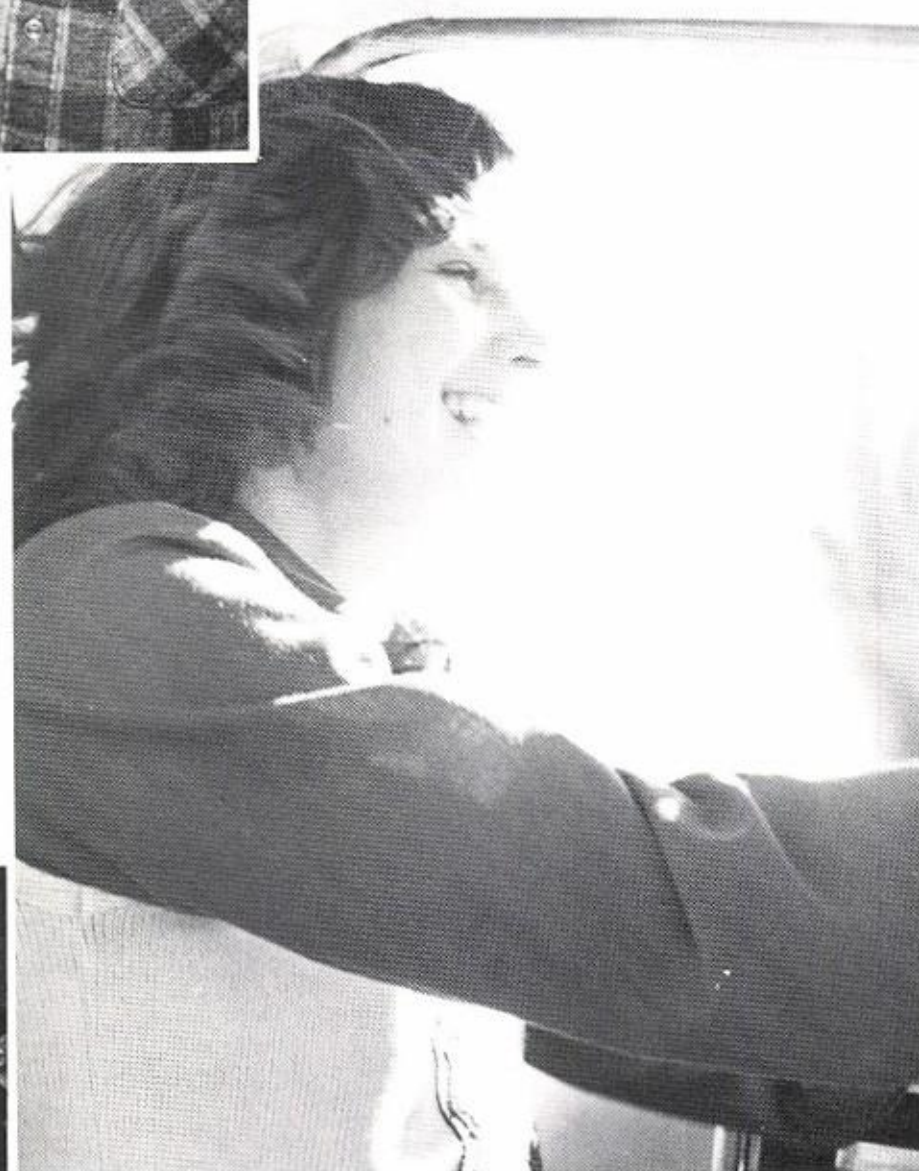

**Make every
hour that
you spend
mean just
a little
more.**

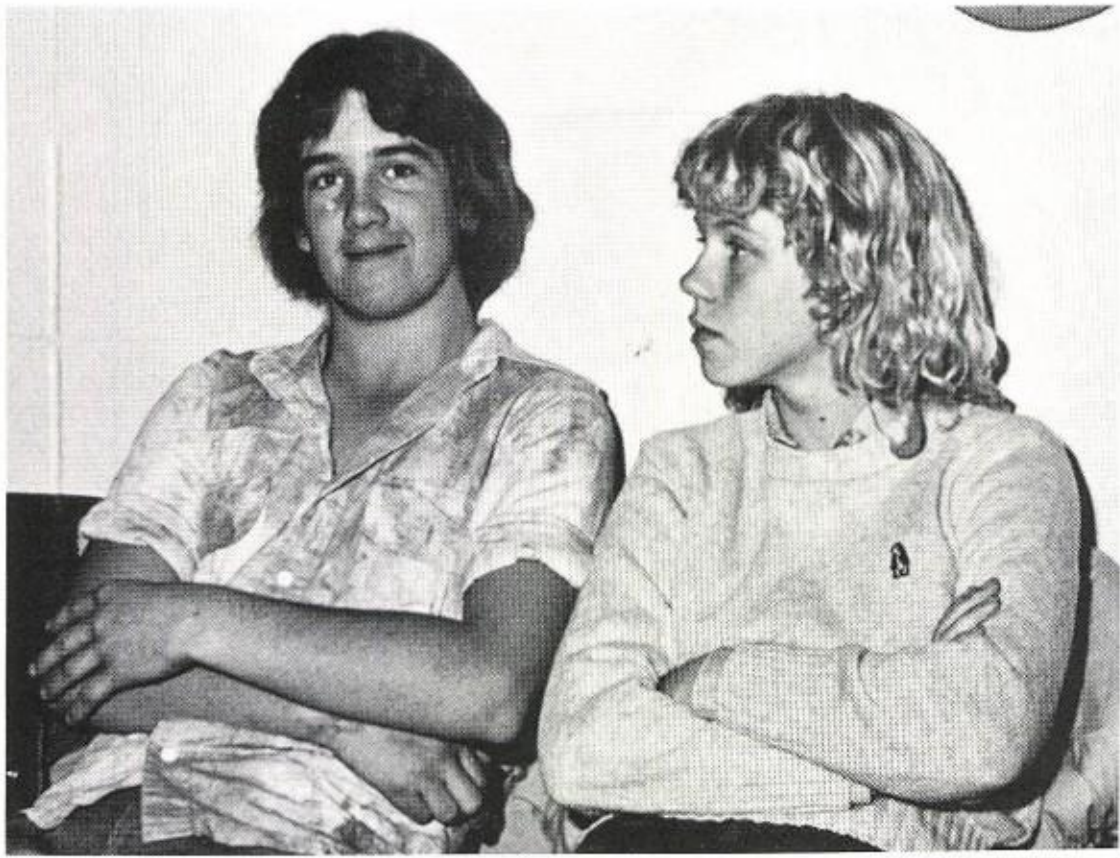

See all the
ones that
lie ahead

Will be worth
waiting for.
And don't put
off those

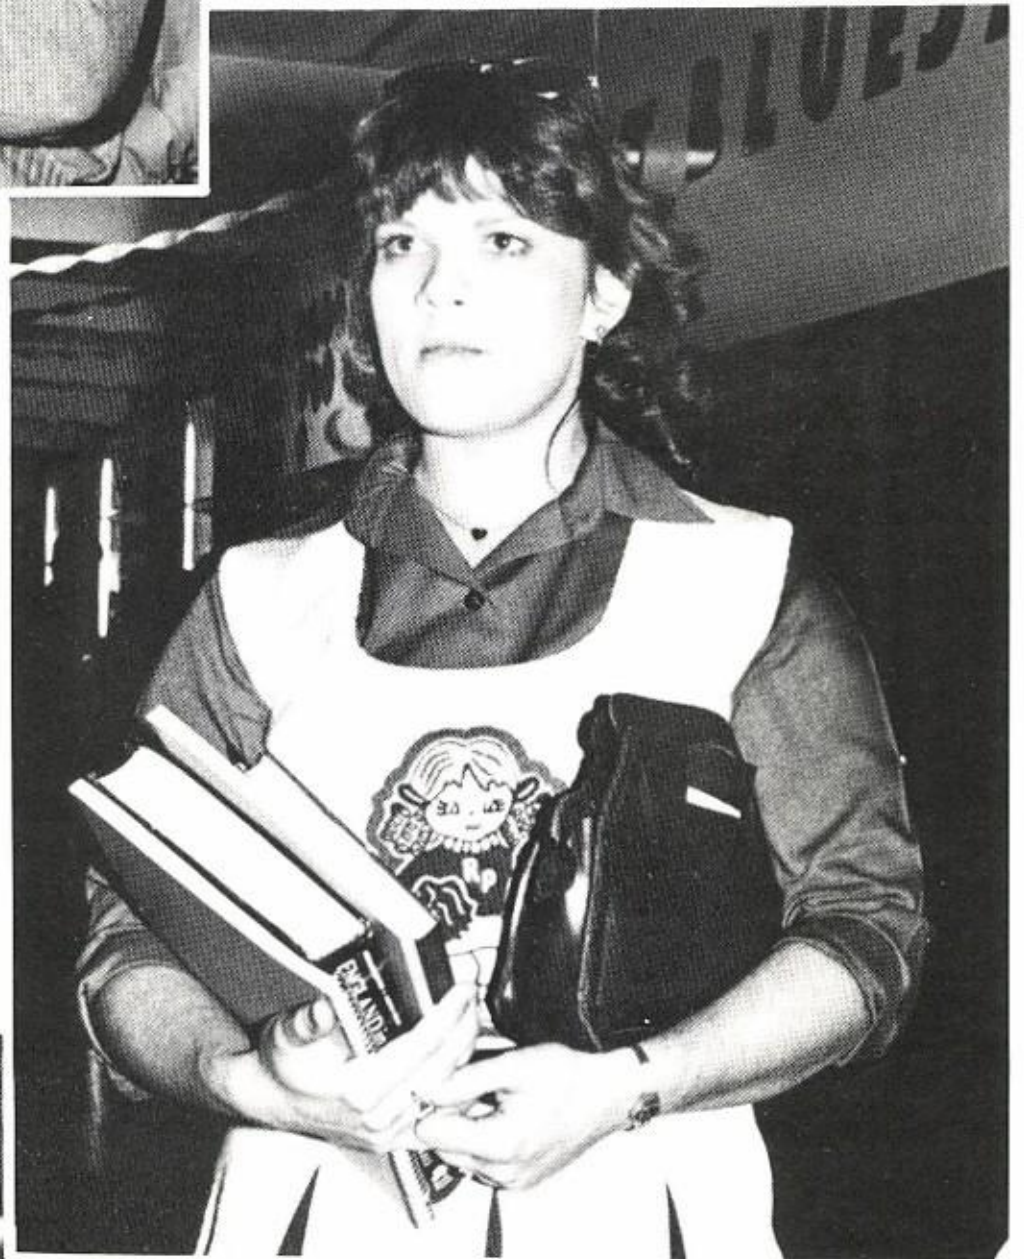

"little
things"

For the time
when you'll
enjoy them
most

Try to fit
them in
somehow

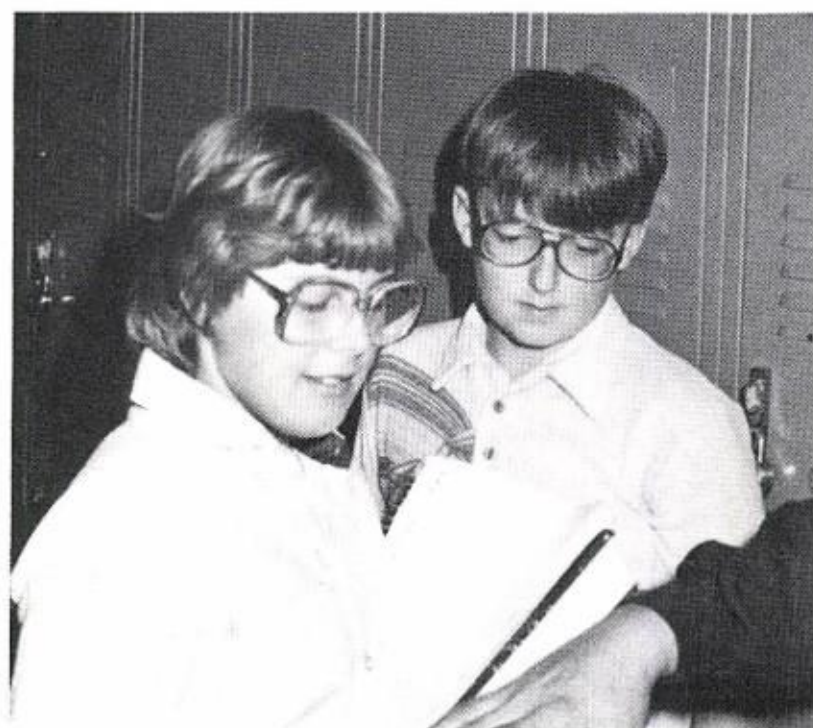

Is not

but now!

Kindergarten

Kindergarten is the beginning of formal education in Rock Port School. The eager children are exposed to many learning experiences. Although these activities take on the aspects of playing, the little students emerge with added knowledge. Academically, they delve into reading readiness, math readiness, science, social studies and writing. Social adjustment is one of the most important part of their beginning year. Many friendships are formed that will grow through the school days. Mrs. Charlene Steele and Mrs. Suzanne Fentiman taught the students this year. Highlights of the year were a visit to the Henry Doorly Zoo and Children's Museum in Omaha, Nebraska.

First Grade

The first graders, taught by Mrs. Mary Bryan and Mrs. Cindy Brouse, have had an exciting year learning to read, add and subtract, and learning about letters and the sounds they make. They have studied about families, holiday customs and had scientific experiments. Learning was made fun through the use of games and group activities.

Third Grade

It has been a big step for those students entering the third grade. The year has been filled with learning and experiencing many new things. The third graders are introduced to multiplication and division for the first time. To them it is something very new and challenging. At this level they change from manuscript to cursive writing. In language they also spend a lot of time studying capital letters, forms of punctuation, the parts of a sentence, and word usage. While in social studies they concentrate on the study of different communities. Instructors for the third grade were Mrs. Doris Kirby and Mrs. Marge Gelbertson.

Fourth Grade

The fourth grade class was very busy this year. Besides doing their regular work, they spent some time studying about Missouri history. They learned all about how Missouri was first settled and discovered some of the famous landmarks of their state. It was very interesting and gave the children a better understanding of their home state. The fourth grade classes were taught by Miss Julie Lykins and Mrs. Maradi Mifflin.

Sixth Grade

The sixth grade began the year by viewing filmstrips on developing self-discipline. Some students utilized the ideas to help them get their homework, band practice, and other activities completed on schedule. Students visited Latin America and Canada by using textbooks and films and by tasting foods. In one semester half of the class studied weather and energy in science while the other class learned how their bodies grow and function and how to take care of their bodies. Objectives in sixth grade math classes included the use of decimals and becoming familiar with the metric system. The language classes studied library skills and toured the high school library. At the culmination of a newspaper unit field trips were taken to newspaper offices. The sixth grade teachers were Mrs. Linda Kincannon and Mrs. Julia Shrader.

The girls were quick and very intelligent which took advantage of aggressiveness and speed. Not afraid to put out extra effort which separates an average team from a great team. This group of eighth graders should enjoy a great future in the coming years. The girls were coached by Mr. David Brouse and assisted by Mr. John Cleveland. Specialties of the Day

The food supervisors of Rock Port R-2 had a tough job again this year. They prepared three different lunches a day. The students had a choice between hamburger and french fries, regular lunch, and a chef salad. Students were charged 50¢ for their lunch. Each floor was dismissed for lunch by three different bells which rotated each week. At 11:50 each day you could find the students standing at their door awaiting to be escorted to lunch by their teachers. Other students chose to eat lunch downtown or went home for lunch. Lunch hour was shortened this year to a mere half hour. Students somehow managed to get their lunch devoured and had a few minutes to spare before classes began at 12:25.

Eleventh Grade

This was a year of hard work and responsibility for the junior class. They started out the year with the junior stand at home football games and made more money than any previous junior class. Points were kept for working at the stand, bringing food and bringing supplies. At class meetings the voting procedure was used with points accumulated. One big decision made by the class was not to have a class float at homecoming. It was decided to decorate a truck and throw out candy. Juniors ordered class rings, picked a class flower, motto and colors. They worked diligently on the Junior-Senior Prom to make it one of the best ever. Class officers were: Kim Scamman, president; Susan Thompson, vice-president; Becky Fischer, secretary; Mianne Underwood, treasurer; Eric Mulvania and Monica Cooper, student council. In Appreciation of Mrs. Lavona Reid

Mrs. LaVona Reid taught at Rock Port R-11 schools for 20 years, before resigning from teaching the fourth grade. For her first six years at Rock Port, Mrs. Reid taught as a substitute in the elementary and high schools. In 1966, Mrs. Reid, along with another teacher, Mrs. Charlene Steele and superintendent E. R. Dalrymple, set up the first public kindergarten in Rock Port schools. The kindergarten was held at the Langdon building, where Mrs. Reid and Mrs. Steele team taught. Later, these teachers team taught the kindergarten at the Rock Port facility. Mrs. Reid began teaching the fourth grade at Rock Port in 1971 and remained in the same room until her retirement. Prior to teaching at Rock Port, Mrs. Reid taught two years at Corning and one year at Forest City. During the next few years, Mrs. Reid plans to substitute and devote more time to writing a book. She has finished and copyrighted a book for students, dealing with attitudes for elementary intermediate grades. Her book in progress will treat the same subject, but will be directed to the junior high and high school levels. Mrs. Reid's letter of resignation reads as follows: I do so

very much want to precede this resignation with a very heartfelt "thank you" to each member of this present board and each school board member who has served at this very thankless job since 1960 when I first began teaching (first at the substitute level) and since 1966 . . . Mr. Rybnick, thank you for your years of service, also. So glad you and Julia moved from Kansas to our beloved state of Missouri! But to Mrs. Grubb, most of all I relay my thanks to you, Wilma, for all of the help to me, and to the others on your staff in the Elementary School. You have always done so many things "beyond the call of duty." With these feelings of gratitude to each of you, I do now below put in writing my intentions. I, LaVona Reid, on this 16th day of May, 1980 do tender my resignation as a fourth grade teacher in the Rock Port, Mo. Elementary School. This decision was made due to the ever increasing night time work load. Educationally yours, Lavona Reid. Since Mrs. Reids resignation she became Co-Director of Student Teaching at Tarkio College and also part-time instructor. Her skill and devotion is greatly missed by all who worked with her.

In Dedication to—

Mrs. Jennie Howell and Mrs. Wilma Grubb

The Bluejay Staff would like to dedicate the 1981 annual to Mrs. Wilma Grubb and Mrs. Jennie Howell.

Mrs. Wilma Grubb has devoted thirty years of her life to the Rock Port R-II School system. She received her A.B. degree at Tarkio College, then continued to earn her Master's degree at Northwest Missouri State University. Mrs. Grubb taught five years in a rural school. Her teaching career in Rock Port began in 1942, where she taught fifth, sixth, and seventh grades for a total of seventeen years. Following her teaching career she became Elementary Principal, where she has reigned for the last thirteen years. Mrs. Grubb commented, "I've had a great staff of teachers these past thirteen years. Without them my job would have been much more difficult. I hope Rock Port School continues as a progressive school, always striving to

improve. I will miss the students and routine I've become accustomed to for thirty-five years. I only hope that I will be able to cultivate other interests and hobbies. Perhaps do some traveling and not always live by the clock."

Mrs. Jennie Howell has devoted twenty-nine years of hard work to the Rock Port R-II School system. She was hired as secretary to the Superintendent in 1952. In 1969 she became secretary to the Superintendent and Board of Education. Mrs. Howell intends to work as secretary another year and then her plans are undecided. She commented, "I really enjoy my work here, and there has been a lot of changes, of course, for the best."

Both will be greatly missed by the students and staff who knew and worked by them.
